

World's Largest Cleantech Competition

Capital Nature along with Enterprise Forum Israel and Global Entrepreneurship Network (GEN) are looking for upcoming Israeli clean tech startups to join the Global Entrepreneurship Week competition.

Global Entrepreneurship Week is the world's largest celebration of the innovators and job creators who launch startups that bring ideas to life, drive economic growth and expand human welfare.

U.S Ambassador Visit Our Off-Grid Village

U.S ambassador Mr. Dan Shapiro arrived for a short visit in the Arava, following our win at a \$88,000 grant from MEPI to promote off-grid technologies. The ambassador and his team visited a variety of renewable energy sites in the Eilat region. The new Eilat-Eilot R&D center and our off-grid technology hub.

Shapiro stated that he believes that renewable energy has an important role in the development of the middle east, and that this field has the potential to create opportunities to improve quality of life, for the locals in the Arava and in all of Israel.

The joint project of Eilat-Eilot and MEPI will conceive a competition for off-grid entrepreneurship, installation of new technologies for solar water desalination and tours and workshops for 650 student from the Eilat-Eilot area.

Climatelaunchpad Is Closed For Submissions

So far we had dozens of interesting and innovative ideas submitted for the Climatelaunchpad competition. This event is a door opener for anyone with a clean tech idea, even if they are without former experience. The competition is a joint event for 26 countries from around Europe and is second stage, the Israeli marathon will be held July 7-9th in Neot-Smadar. The finals will be held in Holland September.
