The best venue to meet the leading Israeli clean energy projects, startups and innovation in one place

בכנס אילת-אילות כל הפרוייקטים, הסטארטאפים והחדשנות הטובים ביותר בישראל נפגשים על במה אחת.

**Solav to Enter the Indian Market**

Solav Energy, makers of the polymer-based solar water heating system, for low income populations, presented their work in the New-Delhi international "One Mega" event, reciving positive feedback from far and wide. Solav will be presenting at the upcoming Eilat-Ellot conference exhibition.

**EDF Added 101MW to Israeli Market**

EDF Renewables in Israel announced the commissioning of five solar photovoltaic facilities with installed capacity totalling 101 MWp. These new solar facilities contribute to meeting the objectives of EDF's CAP 2030 plan which aims at doubling its worldwide renewable energy capacity between 2015 and 2030 up to 50 GW. EDF is a sponsor of the Eilat-Eilot conference and will have a respected delgation and the event.
